# THE IJGA LEGACY

We get results.

Our students go to Yale, they go to Oklahoma State, they go to Duke, but they also go to The Masters and The Olympics.

IJGA is a premier junior golf academy with a storied history in a beautiful setting committed to developing our student-athletes in golf and in life.

The International Junior Golf Academy (IJGA) is the oldest, independent junior golf academy in the United States. With over 2,000 alumni and a nearly 100% college placement rate, IJGA students have earned over \$52 million in college scholarships.
