We provide student athletes with the right athletic and academic training environment, in order to maximize their potential.

HOW IT ALL BEGAN:

For over twenty years, IJGA has been committed to developing champions both on and off the course. Students from around the world have come to learn the same methods that have helped some of the best players on the LPGA and PGA Tour.

Founded in 1995, The International Junior Golf Academy opened its doors with an enrollment of six students with the goal of providing a structured program of high-level golf instruction combined with college preparatory academics.

As the six students began to achieve their potential, it became apparent that without the challenge of competition, it would become impossible for the students to develop into successful players. Since no organized school year junior tour existed at that time, the International Junior Golf Tour was formed to provide a platform for junior golfers to showcase their skills and talents.

TRAINING. COMPETITION. ACADEMICS.

In 1997, Heritage Academy was founded to serve as the academic compliment for students interested in pursuing an extra-curricular passion. Heritage provides the necessary tools and resources for students to be successful both in and outside the classroom.

Prominent Alumni who have go on to successful careers on the PGA Tour and LPGA Tour include: Morgan Hoffman, Pablo Larrazabal, Richy Werenski, Shanshan Feng, I.K. Kim, Stephanie Meadow, Maria Jose Uribe, Song Hee Kim to name a few.

SUMMER ACADEMY EXPERIENCE

The IJGA summer training program was established in 1997 for golfers who wanted to experience the same world class coaching methods provided in the full time golf program. More than 6,000 students from around the world have enrolled in our summer program.

The summer program continues to provides opportunities for students to build a solid foundation of success in the short time period they are here.

Over the years the summer program has evolved from a camp to a summer academy experience where many of the full time students stay in the summer to continue their education, golf training and competition.
